

SWIM- ASSIST EXCEL 300-42 LONG REACH

The ICA-SAE-LR-300-42 is a pool lift designed for in-ground anchoring with long reach capability and is ADA Compliant. This pool lift features a robust base, stronger actuator, and an adjustable seat pole. With the standard foot rest, the ICA-SAE-LR-300-42 is capable of clearing wall heights up to 11 inches and has an available anchor setback of 42". This pool lift will accommodate most existing anchors by utilizing adapter sleeves. Perfect solution for hotel, clubhouse or residential pools. Pair this lift with the optional Solar Charging Station to extend the life of your battery. The solar charger eliminates the need to remove the battery each night for charging.
